

# Clinical and Translational Research Colloquium

## *Pilot Studies and Novel Technologies*

October 21, 2011  
Zebro Conference Room\*  
Buffalo Niagara Medical Campus

**Moderators:** Leonard H. Epstein, PhD & Steven J. Fliesler, PhD

|               |  |  |
|---------------|--|--|
| <b>2:00PM</b> | <b>Welcoming Remarks / Introduction</b>  | <b>Timothy Murphy, MD</b><br><i>Director, Buffalo CTRC</i>   |
| <b>2:05PM</b> | <b>Proteomic Analysis of Laser Microdissected Biopsy Samples: Transforming Individualized Therapy of Prostate Cancer</b>   | <b>Jun Qu, PhD</b><br><i>Department of Pharmaceutical Sciences, UB</i>   |
| <b>2:25PM</b> | <b>Diagnostic and Prognostic Potential of Serum miRNA Expression in Prostate Cancer</b>  | <b>Moray Campbell, PhD</b><br><i>Department of Pharmacology<br/>Roswell Park Cancer Institute</i>  |
| <b>2:45PM</b> | <b>Development of a Small Animal Single Photon Emission Computed Tomography (SPECT) and Computed Tomography (CT) Dual Function Imager with an X-ray Detector</b> | <b>Rutao Yao, PhD</b><br><i>Department of Nuclear Medicine,<br/>UB</i>   |
| <b>3:05PM</b> | <b>Systems Pharmacological Analysis of Molecularly Targeted Agents in Pancreatic Cancer: Pharmacodynamic Design of Novel Therapeutic Trials</b>                  | <b>Wen Wee Ma, MBBS</b><br><i>Department of Medicine<br/>Roswell Park Cancer Institute</i>   |
| <b>3:25PM</b> | <b>Use of Niacin to Overcome Aspirin Resistance</b>  | <b>Nicholas Norgard, Pharm.D.</b><br><i>Department of Pharmacy Practice, UB</i>  |
| <b>3:45PM</b> | <b>Criteria for Successful Pilot Grant Awards</b>  | <b>Steven J. Fliesler, PhD</b><br><i>Departments of Ophthalmology &amp;<br/>Biochemistry, UB</i><br><b>Leonard H. Epstein, PhD</b><br><i>Departments of Pediatrics, Community<br/>Health &amp; Health Behavior, and Social<br/>&amp; Preventive Medicine, UB</i> |
| <b>4:00PM</b> | <b>Adjourn</b>   |  |

\*Located on Virginia Street, between Elm & Ellicott (next to the Center of Excellence)
